

# ACSEV – AGM + PI Insurance

ASSOCIATION OF CONSULTING STRUCTURAL ENGINEERS, VIC.

Wednesday 17th March 2021

**Venue :** Box Hill Golf Clubrooms  
222 Station Street, Box Hill.

## PI Insurance and the importance of Risk Management

Wade Cadman from Austbrokers Countrywide will be presenting at this meeting.

Wade has more than 10 years' experience in the insurance industry and specialises in PI insurance.

Wade will provide some commentary on the state of the market as we sit at the moment, insurers who are in, insurers who are on their way out. He will also provide some risk management information on what makes a risk more attractive to an insurer, and what insurers like to see.

In this volatile environment, the way a risk is presented can mean the difference between obtaining terms, and not obtaining a renewal.

What can businesses do to present as a better risk? What information is needed?

Whilst it can be time consuming providing the additional information, the markets are demanding a higher standard of submission from brokers to provide terms.

If your broker is not doing this - ask why!
