

# ACSEV Site Visit

ASSOCIATION OF CONSULTING STRUCTURAL ENGINEERS, VIC.

Wednesday 21<sup>th</sup> February 2024

**Venue :** Tilling Timber  
31-45 Orchard Street, Kilsyth Vic 3137

## Engineered Wood Products, Manufacturing & Testing

Presenters: Craig Kay – National Product Engineer  
Yuri Huerta – SmartFrame Engineer

The Tilling Group was established in November 1963 and began as a small factory in Eltham Victoria. The company now has large, modern offices and warehouses in every state capital of mainland Australia. It has manufacturing facilities at its head office in Kilsyth, Victoria, and FrameSmart treatment facilities in Queensland, New South Wales and Western Australia. After an introduction to the company by Craig, the visit will include a tour of warehousing, manufacturing and product testing facilities that have been developed to provide consistent and reliable solid sawn timber, manufactured engineered wood production including I-beams and Tecbeam, and other Imported wood products.

**Please note that this event is open to up to 50 financial ACSEV members only** (financial at 1/1/24)

**\*There will be no exceptions**

Also note that Tilling Timber retains the right to exclude entry to the site for those who may be considered competitors in their industry.
