

ACSEV Site Visit

ASSOCIATION OF CONSULTING STRUCTURAL ENGINEERS, VIC.

Wednesday 19th February 2020

Venue : Page Steel Fabrications Pty. Ltd.
20 Fulton Drive, Derrimut Vic 3030

Site Visit : Page Steel Fabrications P/L

Page Steel Fabrications Pty Ltd (20 Fulton Dr, Derrimut VIC 3030) have installed an automatic robotic welding machine and after a lengthy trial they now have it up and running. Russell Brown from this organization saw it in operation and believe it represents a breakthrough, and as such we have organised a site visit. It will highlight how automatic welding is an improvement; it is quicker and to some extent more accurate. Technical presentations will be given by the operators of the machine.

Only two groups of 25 (50 attendees maximum) will view the machine in operation and hear about its virtues, and to a lesser extent some of its limitations.

Due to the confidentiality situation with regards to this piece of advanced equipment only current full/corporate members of ACSEV can attend, no guests. The numbers are strictly limited to 50 with two groups of 25, first in best dressed. . Page Steel reserves to right to exclude persons deemed to be a risk to their confidentiality.

***There will be no exceptions**
