TECHNICAL MEETING – Bondek Slabs

Guest Presenters: Nick Feely, Bluescope Steel

Nick's background involves working as a consulting structural engineer for 3.5yrs at Aurecon Perth, before relocating to Melbourne and joining BG&E for a further 2.5yrs also as a structural engineer. Areas of particular focus during his consulting years included temporary works, industrial buildings and schools. Nick joined Bluescope steel in 2021, where he manages the VIC/TAS engineering team in the Design Solutions Group, overseeing all aspects of Bluescope's engineered products, with particular attention to composite floor and composite building design.

His presentation will cover the engineering design and detailing around composite floor systems (slab and beam designs), with particular focus on unpropped design, construction benefits, sustainability and manufacturing, supported by a host of project examples.
